BUILT TO LAST

Combining the trusted legacy of
Tokoroa Engineering with the expertise
of BA Pumps & Sprayers.

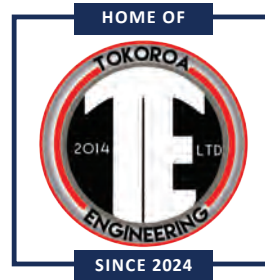

MILK BAR™
easy for you, healthy for them

BA AND TE

INTRODUCING TOKOROA ENGINEERING'S RANGE OF PRODUCTS

A Proud New Chapter for Tokoroa Engineering and BA Pumps & Sprayers

BA Pumps & Sprayers is thrilled to announce that we are now proud to manufacture and supply Tokoroa Engineering's trusted range of products. For years, Tokoroa Engineering has been synonymous with designing and producing durable, high-quality trailers and feeders, purpose-built for New Zealand's dairy farmers. Their renowned Milk Bar™ mobile calf feeders, calf trailers, and feed trailers have become staples on farms across the country, valued for their ability to perform in even the toughest conditions.

At our modern manufacturing facility in Hautapu, Cambridge, we are dedicated to continuing Tokoroa Engineering's legacy of quality and reliability. This acquisition represents an exciting opportunity to expand our product range while maintaining the trusted craftsmanship and innovation that farmers expect from both brands.

Whether you're in need of rugged trailers, robust feeders, or essential spare parts, our combined expertise ensures that we continue to deliver practical, efficient solutions to meet the needs of New Zealand farmers. **Together, we are committed to supporting your success with reliable, locally made equipment designed to keep your farm running smoothly.**

Yours sincerely,
Mark, Penny, and Guy Rendle

BA & DONAGHYS

PERFORMANCE FIRST

PAYBACK YOUR LM LINKAGE SPRAYER IN 6-12 MONTHS WITH BA AND N BOOST

How can you payback your LM Series with N Boost? Trials show that the N-Boost system can double the pasture response to 40KG of dissolved urea.

IMPACT ON FARM:

Comparing spreading 110KG N vs. spraying 110KG N plus N-Boost.

Solid Urea system (4 applications) = Return \$755 / Ha

Full N-Boost system = Return \$1,575 / Ha

Example: For a 100Ha farm, the sprayer is paid back in 6-12 months. Current situation: Four applications of solid Urea using 110 units of N.

SCENARIO 1:

- Change to two solid applications of Urea.
- Plus three liquid applications of 40KG of dissolved urea and N-Boost.
- 110 units of N used in the season, delivering an additional \$41,000 profit over and above the current situation.
- Equals an 8 month payback on an LM Linkage sprayer.

SCENARIO 2:

- Change to six liquid applications of 40KG of dissolved urea and N-Boost.
- 110 units of N used in the season, delivering an additional \$82,000 profit over and above the current situation.
- Equals a 4-month payback on an LM Linkage Sprayer.

BA LM SERIES

SPRAY IN LESS TIME, ON CONTOURED LAND

LM LINKAGE SPRAYER WITH M BOOM

- 900 or 1150 Litre UV rated Polyethylene T-shaped tank
- Heavy duty hot dipped galvanised CAT1/2 frame
- Bertolini 75-Litre POLY Pump for liquid fertiliser readiness
- Built-in 10L handwash tank and 60L flush tank
- Built-in induction hopper
- 12 Metre fully hydraulic M Boom
- Wing lift allows you to move the boom with the contour of the terrain.
- Built-in breakaways ensure you can safely clear obstacles.
- A smooth outer boom shape minimising fence hookups.

LM Series pictured with optional 50M stainless steel hose reel available for \$1,295 fitted exc GST.

 ADD A FOAM MARKER FOR ONLY \$995
 PART #520004-F

"Spraying is no longer a chore, the simplicity, the extra capacity, and fully hydraulic boom with wing lift means I've halved my time in the paddock so I can spend that time doing other jobs around the farm."

Ryan Cannell, Dairy Farm, Te Aroha.

HEXAGON T15 WITH AUTO RATE CONTROLLER

JACKAL AUTO RATE CONTROLLER

HOSE REEL

ADAPT TO ANY TERRAIN

The 12 Metre M Boom has been designed for superior operation and features independent full wing lift and fold using only 2 hydraulic tractor remotes. The exclusive Ezi-Tilt hydraulic fold design gives the M Boom up to 30 degree wing tilt allowing it to adapt to any terrain.

Optional skid plates for the rough jobs: Increased protection of the boom on tough terrain.

Rounded boom ends: Minimises fence hook-ups and full nozzle protection.

Spring loaded breakaways prevent boom damage if struck.

Don't waste a drop: Low drift TeeJet AIXR Nozzles fitted as standard.

The Ezi-Tilt wing lift function is ideal for spraying undulating and contouring country.

Long life and durable: Heavy duty, fully hot dip galvanised for maximum durability and corrosion resistance.

Offers valid until 31 March 2025. All prices exclude GST.
